

# ITALY HAS DECLARED WAR AGAINST TURKEY

## Italian Troops are Being Landed in Tripoli With Orders to Assume Control at Once

### TURKISH GARRISONS OUTCLASSED BY BELLIGERENTS

#### Action of Italy is Denounced by Both England and Germany and Fears are Entertained That a Crisis May be Precipitated That Will Involve Every Nation in Europe.

London, Sept. 29.—War between Italy and Turkey has been declared. The Italian troops are being landed in Tripoli with orders to assume control of the country. The finest ships of the Italian navy are protecting the landing of troops and other vessels of the navy ready for instant action are patrolling the entire Mediterranean.

Within 48 hours an entire Italian army division will be in Tripoli. The Turkish garrison of the small cities of Tripoli are hopelessly outclassed by the picked Italian forces.

Up to the present time no word of actual fighting has been received.

The situation is greatly complicated by the rumors of trouble between Turkey and Greece and by the fact that Italy's action is bitterly denounced by both England and Germany.

It is feared a crisis may be precipitated that will involve every nation of Europe.

The various cabinets are reported to be in conference over the situation.

The official declaration of war was announced at 2:30 this afternoon. In a note to the European powers, Italy declared that the right of all foreigners would be safeguarded in Tripoli.

Constantinople, Sept. 29.—It is semi-officially admitted that the cabinet's unit in the rejection of Italian demands and has counseled the Sultan to resist Italian aggression to the utmost.

London, Sept. 29.—The Constantinople correspondent of the Exchange Telegraph Co., says that Turkey in its reply to Italy's ultimatum expresses great willingness to negotiate the points in dispute if the present situation is permitted to stand unchanged, Turkey meanwhile agreeing to cease sending men and munitions to Tripoli.

Constantinople, Sept. 29.—A decree was issued tonight convening the Turkish parliament. There is a feeling everywhere that Italy should be resisted at all hazards.

Berlin, Sept. 29.—The German press with only a few exceptions today denounce what is termed Italy's brutal robbery which is justified only by might.

The foreign office admits great alarm over the outlook. It is stated that there are already indications of a serious uprising in the Balkans, and that it may eventually lead to an all-Europe clash.

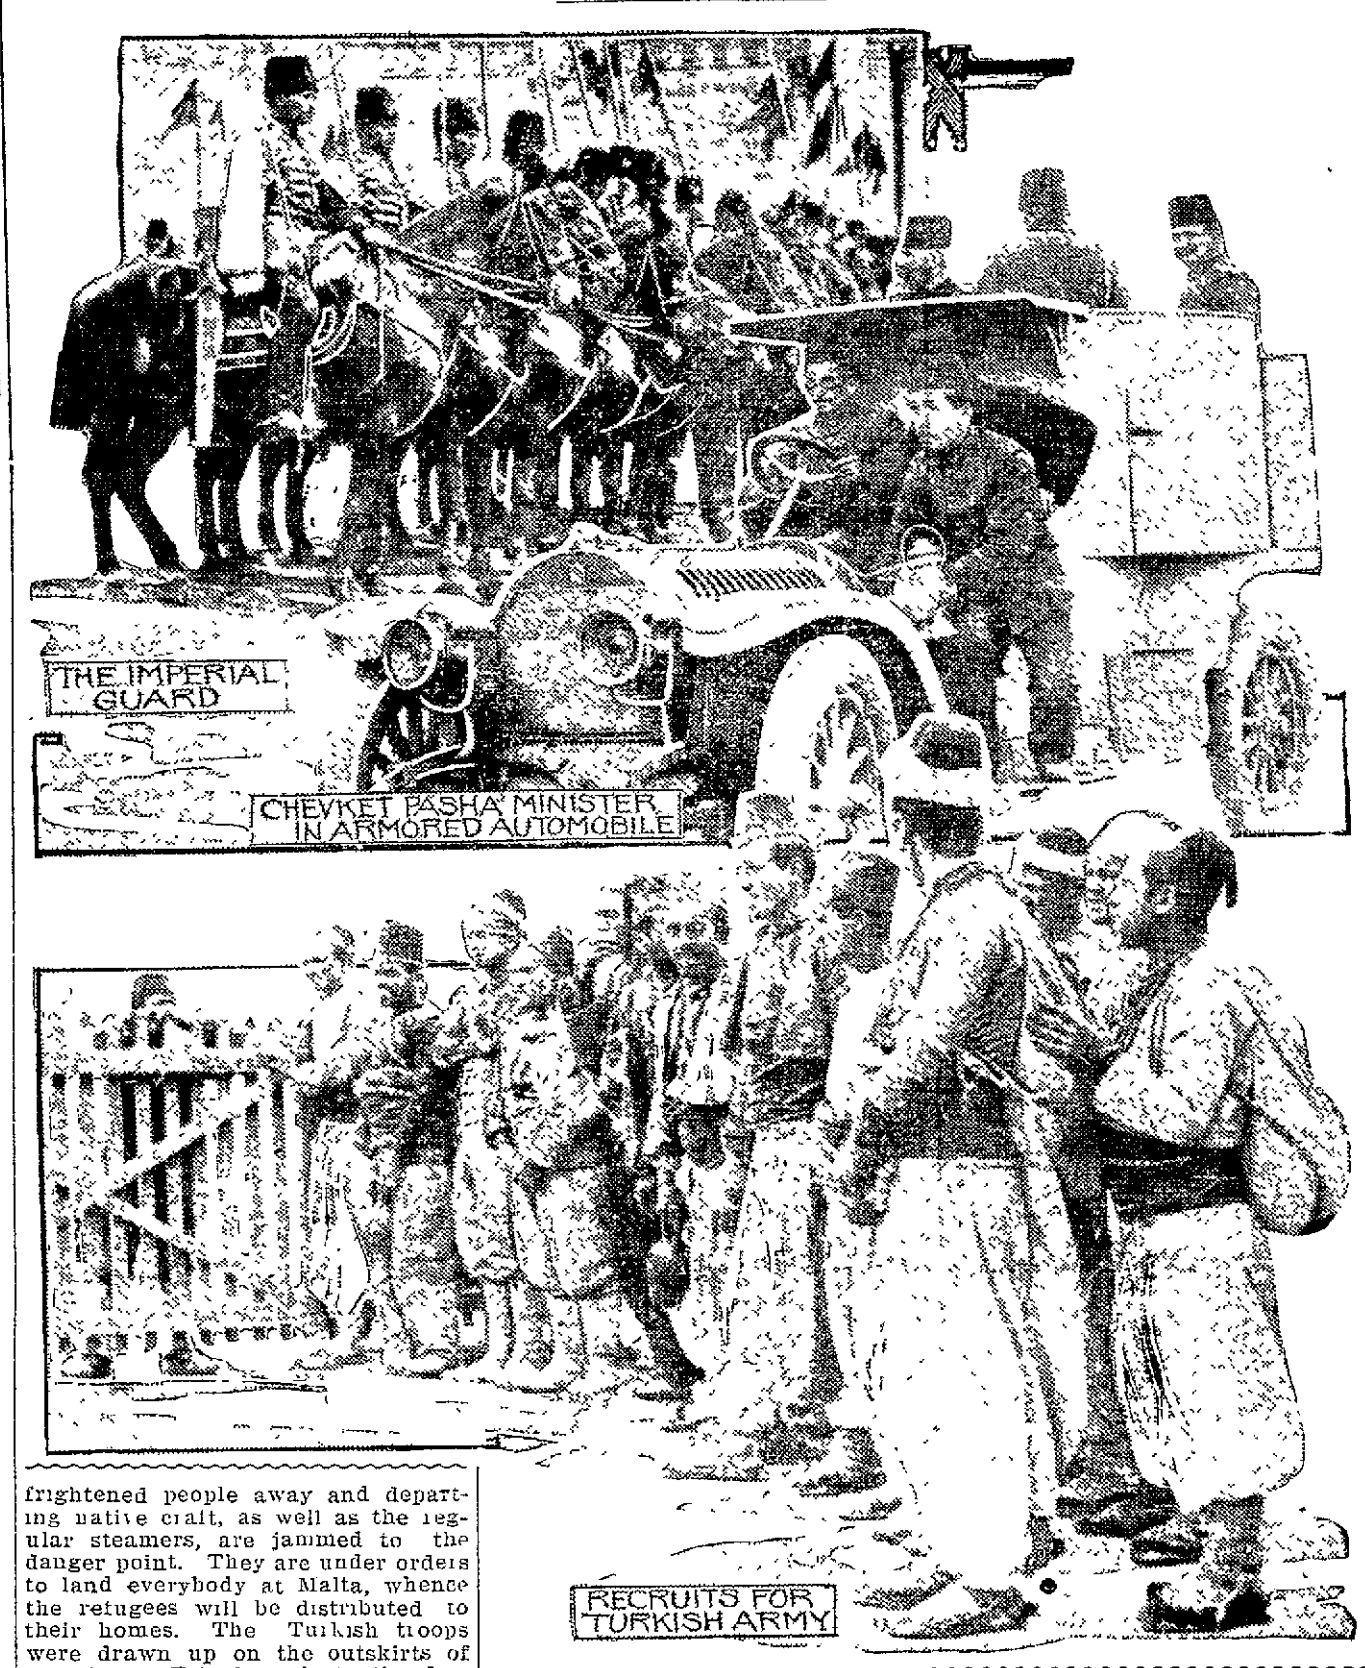

It is stated that the powers have already exchanged notes designed to devise a plan to localize the disturbances.

London, Sept. 29.—Word that Italy has occupied Tripoli in accordance with her threat and ultimatum, which Turkey has denied, is momentarily expected. The Turkish forces will not resist, according to the latest advices received here. Such resistance would be useless, as there are no land fortifications and the defenders would be utterly at the mercy of the Italian fleet's big guns. The ultimatum expired at noon today, but the landing of troops was deferred until the usual notifications could be sent to the foreign consulates. The blockade of the coast of Tripoli, however, is in effect, the lines of swift cruisers and torpedo boats, with the Italian flag at their mastheads, are patrolling the sea in front of what is already hailed as Italy's new colony, with instructions to hold up all Turkish craft encountered.

If the Turkish government quietly permits its territory to disappear without fighting, the tenure of the present government will be threatened. Already there are mutterings of a holy war. Turkey's strength is today even more than in the past its reliance on fanaticism. The life of every foreigner in Turkey has been endangered by Italian aggression and occupation of Tripoli will inevitably be followed by massacres which will bring the whole Turkish question to the front. The result will be the renewal of the suggestion that the Ottoman empire be partitioned among the nations and that the resultant rivalry may involve the peace of Europe.

The situation in Tripoli today is grave. The foreign consulates are besieged by hundreds of persons importuning them to furnish transportation to some place out of the zone of impending hostilities. Every effort is being made to get these

frightened people away and departing native craft, as well as the regular steamers, are jammed to the danger point. They are under orders to land everybody at Malta, whence the refugees will be distributed to their homes. The Turkish troops were drawn up on the outskirts of the city of Tripoli early in the day, ready to withdraw into the desert before the oncoming Italian forces. They were defiant and ready to fight to the last against the aggression of the hated Europeans. Fierce bands of well-armed Arabs are hanging around the Turkish encampments. They would gladly take their chances against the guns of the invading fleet, it given the word to lay the city waste before the invaders can take possession. But the Turkish governor is under orders not to countenance any acts of aggression, and he is loyally obeying orders.

The streets of Tripoli are deserted. Most of the merchants have sent their valuables out of the country. All business is at a standstill. Meanwhile the first transports, with the army of occupation on board, are steaming slowly back and forth under the guns of the Italian fleet. Other transports are enroute and within the next 48 hours the entire invading force will be either in possession of Tripoli City or off the port.

The extraordinary force comprises 30,000 men. They have been formed into two divisions of two brigades each. General Canova is in command of these forces, with Generals Reynaldi, Giardina and d'Amico as his aides. The entire sea and land forces are under the direct command of Admiral Aubrey. He has at his disposal on one of the largest transports 2000 carabinieri, who are destined to be the police force of Tripoli.

The latest word from the Italian ambassador at Constantinople says that the majority of the Turkish people have been in ignorance of the crisis, because the government, recognizing Turkey's naval and financial weakness, did not relish being forced into war by a concerted national demand.

It is almost certain, however, that fear of the people will force the government to war. In addition to the Italian difficulties, the government is apprehensive of the attitude of Albania, Greece and Bulgaria, who would probably welcome the chance to pay off some old scores while the attention of the Turkish government is occupied by Italy. The latest estimates of the number of Italians in Turkey is in the neighborhood of 100,000. That the Turks will hold all of them as hostages, even if they are not massacred, is the belief

here. The Young Turks' organization is especially bitter and has threatened not only to sacrifice everything rather than surrender to Italy, but also in case of defeat to boycott everything Italian.

## WILL CALL BIG STRIKE TOMORROW

Chicago, Sept. 29.—Twenty-five thousand railroad employees on the Heriman lines, members of the system's federation will be notified to quit work Saturday morning, and this will start one of the biggest strikes in the history of the railroad. Thirteen thousand members of the federation on the Illinois will quit Monday morning at 10 o'clock. Official announcement of the strike will be sent to the workers today according to the high officials of the federation. In addition to the 35,000 men thus affected labor leaders declare that 12,000 other employees will walk out at the first call making an even 50,000 out of work Monday.

The officials of the federation state that they expect the strike to spread to every road in the west and middle west. It is declared that at a secret meeting the B. of L. E. and firemen, conductors and switchmen decided to refuse to handle cars from lines on which the strikes are called if these cars are previously handled by strike breakers. Such a threat if carried out would involve every railroad in the country.

## NO POISON FOUND

In Miss Henkle's Stomach and Her Stepmother Goes Free at Delaware, Ohio.

Delaware, Ohio, September 29.—No indictment was returned by the grand jury, which reported on the case of Mrs. John D. Henkle, who was

charged with an attempt to poison a stepdaughter, Miss Marie Henkle. The case owing to the prominence of the parties involved, created a sensation last June.

Failure of expert chemists to find traces of arsenic in the contents taken from the stomach of Miss Henkle defeated the state's strongest testimony.

## ROGERS IS CONFIDENT

Akron, Sept. 29.—Rogers interfered with Aviator Rogers' plans to resume his coast to coast flight today. He landed near Kent after dark yesterday and came to this city by auto. He stated today that he was confident that he would make the Pacific coast within the time limit set to win the \$50,000 purse.

# LIST OF MINISTERIAL GENERAL CONFERENCE DELEGATES COMPLETED

## Six Ballots Were Necessary for Selection of Last Delegate, the Election Being Very Spirited

### LOCAL PASTOR, L. C. SPARKS SIGNALLY HONORED

#### Lay Conference is Occurring This Afternoon Which Will Choose Six Delegates to Minneapolis Convention—Resolution Introduced Denouncing Secretary of State Knox and Asking Retirement of Secretary Wilson.

Two additional delegates were elected to attend the general conference at Minneapolis. The first ballot was taken at 7:15 o'clock Thursday evening and resulted in the election of Dr. J. C. Arbuckle of Columbus, superintendent of the Lancaster district.

Six ballots were necessary for the election of a sixth delegate and resulted in the selection of Rev. L. C. Sparks, pastor of the First M. E. church of this city, where the conference is being held. The ballots were taken Friday morning before the general conference business was taken up.

When the Ohio Conference opened Friday morning it was necessary to elect one more delegate to complete the quota of six who will represent the Ohio Conference at the general conference to be held at Minneapolis next year.

The first ballot did not result in a choice. There were 154 votes cast, four being defective, leaving 150 to be counted. This made 70 necessary for a choice. The ballot read: F. M. Swinehart 66, L. C. Sparks 38, and A. P. Cherrington 29, and a smaller vote A fourth ballot was cast and resulted in 180 votes being cast, two being defective, leaving 178 to be counted, making 90 necessary for a choice. The result of the ballot was T. M. Swinehart 86, L. C. Sparks 66, A. P. Cherrington 16 and A. R. Norcross 11, leaving no election. The fifth ballot was taken, 176 votes being cast, two being defective, leaving 174 to be counted and making 88 necessary to election. The ballot read: F. M. Swinehart 85, L. C. Sparks 80, A. H. Norcross 5, A. P. Cherrington 3.

A sixth ballot was cast the ballot showing 177 votes cast, one being defective, making 89 necessary to choice, and L. C. Sparks was elected, the vote being:

L. C. Sparks..... 90  
F. M. Swinehart..... 81

The Devotional hour on Friday morning was marked by a stirring and inspiring song service, lead by Dr. J. F. Grimes of Zanesville. A short prayer was recited and Bishop Cranston read the Bible lesson.

Following the Bible lesson Bishop Cranston gave a straight forward talk, taking the lesson as a theme for his discourse. He emphatically told his hearers to listen to him and then he forcefully told them that the great trouble with the ministry was "lack of integrity"—not lack of truthfulness, but lack of entirely in the spirit.

Again the bishop deplored the invasion of commercialism and worldly concern and asked that the ministry be kept in the right and that only the best motive actuate the teacher and preacher. He asked that each minister examine his motives.

The bishop uttered a heartfelt longing that this conference might be the cradle for a new church. Intellect could never be a dangerous leader, it intellect could gain its inspiration from the shadow of the cross on Calvary.

The bishop's talk was without a doubt one of the most inspiring and instructive given before the conference. The talk was that of a bishop to his ministers and it teemed with wise

thoughts and sharp observations.

The fourth ballot was cast and the conference continued. Rev. J. C. Arbuckle, superintendent of the Lancaster district gave a remarkable report. Dr. Arbuckle noted the decline in favor of the old revival and the replacing of it by a sane and consistent work in the churches. He spoke of the failure of young people's work and suggested other and broader fields for the young people. Rev. Mr. Arbuckle said that a better and higher conception of Christian obligation was necessary. The financial standing of the district was given as fair. The country church system implies but two facts, better information and greater liberality. The farmers hold the success of the country churches in their own hands. Rev. Arbuckle laid some conservative but plain facts before his hearers.

Following Rev. Mr. Arbuckle the result of the fourth ballot was read, showing no election, and the fifth ballot was cast.

Visiting members from other conferences were introduced to the conference assemblage, among these were: David J. Downey, D. D., corresponding secretary of the board of Sunday schools; Rev. Frank L. Hart, D. D., National Mutual Church Insurance; Rev. W. E. Harford, Central Ohio Conference, president of the Methodist Children's Home Association; Dr. David J. Starr, ex-chaplain of the Ohio Penitentiary; F. J. Johnson of Northern Ohio Conference, and superintendent of the Mt. Vernon district; Fred M. Stone of American University.

The ministers then made a report of collections and mission work. Rev. David G. Downey, D. D., LL. D., was introduced to the conference and consumed several minutes to present the work accomplished by the Sunday school board. The history of the board was given and the enrollment figures and the classes established were given by the speaker. One hundred thousand men have been enrolled in the adult Bible classes, showing a new movement among men.

The sixth ballot was then read, electing Rev. L. C. Sparks. Rev. Mr. Sparks completing the six delegates.

The list of superannuates was then called and the committee made its report.

A report which occasioned much interest and enthusiasm in the conference was the report made by Rev. J. R. Tibbles of the Hebron charge Rev. Mr. Tibbles told of the bequest of the

## INJURED DURING ARMY MANEUVERS

Columbus, Sept. 29.—The explosion of a cannon during army maneuvers at Sparta, Wis., today killed one man and badly injured several others, according to a telegram received by Adjutant General Weybrecht. The dead man is Howard Gan of Cleveland. Two other Clevelanders are among the list of seriously injured.

Corporal Rowland Beverly of Battery A, Cleveland, received such injuries that he later died.

## PLAYGROUNDS FOR CHILDREN OF NEWARK

SCHOOL BOARD PAVES WAY BY PUTTING PROPOSITION UP TO PEOPLE.

Last Year 184 Cities in United States Expended Over Three Millions For This Work.

At the request of the Newark Board of Trade, the Ohio Legislature this year enacted a law giving city school boards the authority to buy or lease sites for children's playgrounds. The Newark school board was the first Board of Education to take advantage of this action and at a recent meeting authorized the issue of \$15,000 in bonds for the purpose of establishing children's playgrounds in Newark. Two hundred members of the Board of Trade at a recent meeting endorsed the action. It is now necessary to have the people approve the action and they will be given an opportunity to vote upon it at the November election.

During the past year Chicago voted affirmatively on a \$1,000,000 bond issue for recreation proposed by the West Chicago Park Commission. In Cincinnati the total vote on the bond issue of \$1,000,000 for recreation was 61,795—46,075 in favor of the issue to 15,720 in opposition. Grand Rapids, Mich., declared in favor of a \$200,000 bond issue for parks and playgrounds by a vote of 7,591 to the issue against 3,227 opposed. Pittsburgh also acted favorably. Minneapolis proposes to spend \$80,000 for recreation. Milwaukee is about to conduct a recreational survey looking forward to the establishment and development of a system of recreation work which will cover not only playgrounds, but motion pictures, dance halls, etc. New York has recently established an unpaid recreation commission consisting of five citizens, representative of the Board of Education, and the president of the Park Board, who shall have charge of the playground facilities of the city. In Boston the creation of a park and recreation department is being agitated. Last year 184 cities, for which figures are available, spent \$3,025,779.23 for playground work. Newark will surely not fail to do her part.

## NEW YORK FANS SURE OF FLAG

New York, Sept. 29.—Weak hearted among the New York fans are thankful today that the Giants swept into Chicago with the lead they did. They are dependent upon the two defeats administered by the Cubs to their favorites. But the dyed-in-the-wool enthusiasts are just as sure as ever that the flag will be unfurled from the staff at the polo grounds. They have banked on just such set-backs as have befallen the Giants in the last two days. Even conceding the Cubs victory in the remaining games with the Giants and the rest of the games they have to play McGraw's men can win out by seven victories in their twelve games. To win half of them would tie the two teams in the race. An even break in the unfinished Cub series and the Giants need but five victories. Two victories for the Giants and their path would be easy with three games to clinch first place. Team to play won lost pt

## CASCARETS CLEANSE LIVER AND BOWELS

No Biliousness, Headache, Sick, Sour Stomach, Indigestion, Coated Tongue or Constipation.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a still barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give you a thorough cleansing inside and straighten you out by morning. They work while you sleep—a 10 cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle, cleansing too.

## TO GET RID OF RHEUMATISM

If we suffer with Rheumatism and desire to get rid of it we must make up our minds to subject our systems to the proper course of treatment for a while. The only way to cure oneself of Rheumatism is to remove the cause—expel the irritating uric acid from the blood; every other method of treatment has proved a failure. S. S. S. cures Rheumatism because it is the greatest of all blood purifiers. This medicine goes down into the circulation and expels every particle of the sour, inflammatory uric acid which is the one great cause of the disease. The cure can be greatly hastened by a little care and self denial by the patient. In the first place do not let anything interfere to prevent your taking S. S. S. regularly and according to directions; be guarded in your eating, because an attack of indigestion will always aggravate the symptoms of Rheumatism. Do not expose yourself to damp and inclement weather any more than is necessary. When S. S. S. has had time to rid the blood of the uric acid and strengthen the system, then these little restrictions can be left off. This simple course has cured many thousands of cases of Rheumatism. Book on Rheumatism and any medical advice free. S. S. S. is sold at drug stores.

late Rev. Benjamin Green. The bequest gave to Bishop Hartwell, successor of the late Bishop Taylor, for missions in Africa sums amounting to \$2,500.75.

Rev. Mr. Green's bequest gave to the Women's Foreign Missionary Society \$1,280.37 and to the Women's Home Missionary Society \$1,280.37. The amounts made a most pleasurable gift of \$5,121.49.

The different superintendents then offered names of active ministers desiring to be supernumerated. The names offered were: Rev. R. H. Griffith, and Rev. W. B. Warren of the Lancaster district; Rev. R. C. Orndoff of the Marietta district; Rev. Peter I. Mark and Rev. C. H. Longman of the Columbus district. Rev. C. H. Sowers asked for transfer from the supernumerary to the supernumerated class. The requests were granted as reported.

The platform was then given over to Mr. Fred L. Hart agent of the Pastors' Insurance Company who told of the aims and accomplishments of his company and said that as a pastor's company it was necessarily of great interest to pastors in attendance.

The ballot for alternates was next announced and the reading showed the election of F. M. Swinehart, U. D. Cherrington and Rev. A. H. Norcross. These will alternate at the General National Conference.

Dr. Herbert Welsh, president of Ohio Wesleyan University received one of the most enthusiastic receptions yet accorded a speaker. Dr. Welsh told of the forward movement and its great work and he went on to tell of the work done in Ohio Wesleyan, and of the work in the past, the turning out of men who have become famed in University circles.

A resolution was then read by P. A. Baker, national superintendent of the Anti-Saloon league and which was directed against Secretary of State P. C. Knox, who was denounced for lending his aid or influence in the extending of an invitation to the federal government officials to attend the National Brewers' Convention in Chicago. Secretary Wilson came in for a goodly portion of the condemnation for accepting the office of honorary president of above named convention.

Whereas Secretary of State, P. G. Knox has communicated to the diplomatic and consular officers of United States with reference to the Second International Brewers' Congress to be held in Chicago, Oct. 12-23, in which he says:

"The secretary of agriculture of the United States, the Hon. James Wilson, has accepted the invitation to act as honorary president of the Congress."

And further says:  
"In transmitting to that government the information herein contained, you will also state that, while this congress and this exhibition are not under the official patronage of the government of the United States, this government would be glad if the government of the country to which you are accredited would give due publicity to the congress and exhibition mentioned and would recommend the sending of delegates to the congress by the scientific institutions and trade organizations interested."

Following is the resolution:  
"At a time when the temperance and church people of the country are in a desperate struggle to check and turn backward this home destroying traffic, such recognition on the part of the Federal government is inexcusable. It is hardly sufficient to state, as does Secretary Knox, that 'This Congress and this exhibition are not under the official patronage of the government of the United States,' when the secretary of Agriculture is to act as honorary president and the secretary of state invites other governments to send delegates to this Congress. Therefore he it resolved: That the Ohio Annual Conference in session at Newark, O., enters a most emphatic protest against this arrogant affront to the Christian conscience of the nation, and hereby calls upon the president of the United States whose lofty example of total abstinence has gladdened the hearts of millions to so exercise his prerogative with his official family as to prevent the public humiliation and shame that must accompany the example of a member of the cabinet presiding at a brewers' convention."

Following the reading of the resolution comment was made to Mr. Parker on it and he gave out the following: "I consider the hop and barley exhibition that is proposed as the reason for Secretary Wilson's attending as the thinnest kind of a veneer through which the brewers have captured the recognition of the federal government. It is time Secretary Wilson be retired from the cabinet and public office for he is the old-time Joe Cannon type of saloon politics."

Dr. Clarence Weekly spoke on the worth of the Methodist Children's Home. He told of the influence for good exerted by the deaconesses who were in charge of the home.

The secretary read a resolution asking for the appointment of a committee of five members to fix the boundaries of the Ohio Conference. A communication was read from the Central Ohio Conference saying that they had appointed a similar committee. And they asked that all conferences appoint these committees. The resolution was received and five members will be appointed by the chair.

Thursday Afternoon.  
At 2:30 Thursday afternoon the Anniversary Board of Education met and the meeting was presided over by Rev. I. P. King, D. D., of Columbus. The speaker was Rev. Wm. H. Crawford D. **NOTICE FROM BOARD OF REVIEW**  
To All Depositors in Banks:  
We again, as a Board of Review of the City of Newark, appeal to you to call at our office in the basement of the court house and return to us the several amounts you had on deposit in said institutions on April 9, 1911. Remember your neighbors who have real estate and no money are taxed on said property at its true value in money. You have the benefits of the public schools, the fire department, the safety department and every other right which a city government guarantees to all its citizens. Then from every sense of honor and justice, both to yourself and your neighbor, you ought to cheerfully list your moneys for taxation. The Smith one per cent law was passed largely for your benefit. Under the old rule of former years, if you returned the same for taxation, you would have been compelled to pay as high as \$3.60 on the hundred dollars valuation. Now with corporations and every other class of tangible property on the tax duplicate at their true value in money, you are absolutely guaranteed a very low rate of taxation and it is now only fair that you ought to list your money and help support the government under which you live and on which you rely for protection in all your rights in common with all our citizens. It will be the consistent policy of this board next year and thereafter to reach this class of property and if found and penalties added, do not blame us, for we have given you the law.

The man who sells me bumble bees and boots and shoes and sweitzer cheese will have my trade for years to come, because he sells me nothing but. He never takes my hard earned kale for goods inferior and stale, and when he sells me boneless wheat and says: "This simply can't be beat," I know the goods will not be punk—he never lies about his junk. I used to buy my prunes and things from Simpson—now his hands he wrings because I chase myself no more to patronize his one-horse store. He used to show me tempting beans and succotash and other greens, and I would order some and say: "I want the kind you've shown today." And then he'd send me wilted truck that made me want to run amuck. And when I visited his store, to ask him why and whitherfore, he'd say: "This makes my spirit ache." The clerk has made a sad mistake. I wanted of that shoddy bluff; I wanted of his wilted stuff; and every man who pays his cash for first rate goods, and then gets trash will hate the man who works the game, and all excuses he may frame.

**ELTON SMITH INDICTED BY GRAND JURY**  
Arrested at Mt. Vernon by Sheriff Slabaugh on Two Charges—Other Court News.  
At the recent session of the grand jury Elton Smith was indicted on two counts. One for assault and battery on Azor Treen, of Utica, and the other for assault with intent to kill William O. Randall, also of Utica. At the time the indictments were returned Smith was not in reach of the officers, but later he was arrested by officers in Mt. Vernon. He was brought to Newark by Sheriff Slabaugh and is being held until arrangements can be made for releasing him on bond.

**YOUR GRAY HAIRS QUICKLY VANISH**  
A Harmless Remedy. Made from Garden Sage. Restores Color to Gray Hair.  
A feeling of sadness accompanies the discovery of the first gray hairs, which, unfortunately, are looked upon as heralds of advancing age. Gray hairs, however, are not always an indication of advancing age, for many people have gray hairs quite early in life. Of course, it is unnatural, and indicates that there is something wrong with the individual, and that Nature needs assistance in correcting the trouble. The same is true of hair that is constantly falling out and becoming thinner every day. If everything is right with Nature, the hair, even in comparatively elderly people, should be long, thick and glossy, without even a streak of gray.  
The ideal assistant to Nature in restoring and preserving the hair is Wyeth's Sage and Sulphur Hair Remedy, a clean and wholesome dressing for daily use. It not only removes dandruff, but strengthens weak, thin and falling hair and promotes its growth. A few applications will restore faded or gray hair to its natural color.  
Get a bottle today, and let it do for you what it has done for thousands of others.  
This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.  
Special agent, Hall's Drug Store, 10 North Side Square.

**LOCAL BROKER RECEIVES NEWS.**  
The First intimation Newark people had of the actual declaration of war between Italy and Turkey was a flash which was received over the wires of the local broker's office of the city.  
The flash was telephoned to the Advocate and bulletined in the window. It was not unexpected, however, as the situation even last night was known to be acute and a formal declaration of war was expected at any moment.  
The early morning telegraphic accounts from the Advocate's leased wire indicated that this formal action on the part of Italy would probably be taken today so the flash which came at 12 o'clock was no surprise.  
It was confirmed a few minutes later by the United Press service to the Advocate.  
The declaration of war had its immediate effect on the Chicago grain market particularly wheat. Within five minutes after the flash came over the wire, wheat advanced sharply.

**LOCAL BANKS TAKE 4% BONDS TO HELP CITY**  
ACTION MAKES POSSIBLE THE PAYMENT OF DEBT TO OLD COMPANY.  
It Means Too That Improvement of Joint System Can Be Made Without Delay.  
The Franklin National Bank, the Newark Trust Company, the Dicking County Bank and Trust Company, the First National Bank and the Home Building Association have come to the city's rescue and provided \$60,000 4 per cent money to make the final payment on the Newark water works. This action now permits the city to proceed with a number of changes in the lines of the two water systems and to make needed extensions in order to provide better water service and added fire protection. Until the final payment to the old water company was made the city was not at liberty to disturb the old mains and tie the two systems together as they should be.  
An effort was made to float the final bond issue at 4 per cent but the low rate of interest did not prove attractive and the city in an unpleasant situation, but the banks above referred to decided to take the bonds for the benefit of the city though it was not to their financial interest to do so. Their public spirited action should be appreciated by the people.  
So at last the water works problem is solved and the city is now owner of the joint system.  
The old plant it will be remembered was purchased for \$100,000, of which sum \$40,000 was paid. The balance of \$60,000 drew 6 per cent interest so in order to cut down the interest charge a bond issue was decided upon. The 4 per cent interest rate did not appear attractive to the financial institutions and for a time it seemed that the effort would fail but some personal work on the part of the leading bankers of the

For cause of action plaintiff charges defendant with infidelity, desertion and failure to provide. She asks for divorce and that defendant be enjoined from encumbering any real estate he may own. She also asks for alimony and the custody of the minor child. Florry & Florry, attorneys for plaintiff.

# How to Live Long— and Feel Young

Thousands of men and women who have passed their allotted "three-score-years-and-ten" owe their longevity to Duffy's Pure Malt Whiskey.

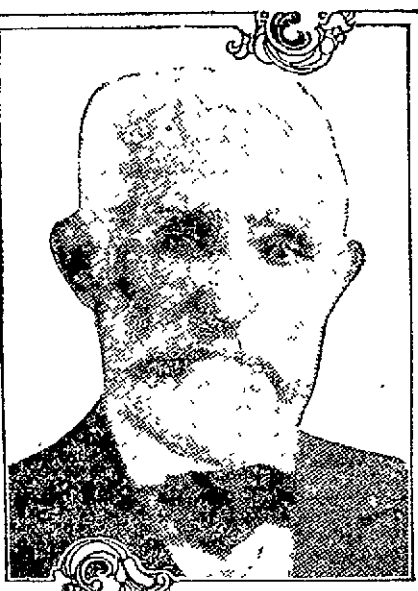

And with their advanced years has not come the doddering helplessness of old age; the spirit of youth has stayed with them.

At the Duffy Malt Whiskey Co.'s Laboratories in Rochester, N. Y., there are files of letters from men and women of over seventy—many who have almost reached the century mark—who used Duffy's Pure Malt Whiskey fifty years ago, and today in the sunset of their lives, they are still using it, still depending on it—for the good it has done and is doing them.

One of more than passing interest is given here: "I have been a constant user of Duffy's Pure Malt Whiskey for many years, and although I am now past 78 years of age and soon will reach my seventy-ninth birthday, I can outwalk most of the young men of to-day. My strength and activity and my ability to enjoy life are due to the use of your valuable whiskey. I am now negotiating with a view of starting a fruit farm in either Washington or Michigan, as I feel like a young man with all the world before me. There is one thing certain, I will always keep Duffy's Pure Malt Whiskey with me, and I can conscientiously recommend it to all old people if they wish to keep young and vigorous."

Mr. H. Chase, 7218 South Morgan St., Chicago, Ill.

Duffy's Pure Malt Whiskey is an absolutely pure medicinal malt whiskey distilled from especially selected ingredients under the watchful eyes of expert chemists and under the most

# Daddy's Bedtime

How Neddy  
Story — Taught Daddy  
a Good Lesson

The Whip Wouldn't  
Make Neddy Do.

"I SAY, daddy, won't you buy us a donkey?" asked Jack and Evelyn as their father came in to say good night.

"Dear me, what a rich daddy you seem to think I am!" "Well, if you would get us a donkey we could raise all sorts of good things for it to eat, and lots of thistles grow around here. Donkeys like thistles, don't they?" urged Jack.

"Yes, and we wouldn't beat our donkey like that horrid man beat his horse the other day when it stopped out in the road," cried Evelyn.

"I should say not," said daddy. "It's never any use to beat a donkey, either a four legged or a two legged one."

"I know, for I tried it once, and a sensible old donkey taught me in one flash of his heels more about being kind to animals than I've ever learned since."

"This donkey was a four footed one. One summer mother went to the seashore and she took us children with her. The most interesting thing to us youngsters were the little donkeys with tiny carts that trotted up and down the beach giving children rides."

"We watched the donkeys loungrily, and one day coaxed mother to let us try them. She was afraid that donkeys might not be quite safe. There were five of us, and she gave each child a dime. We all wanted to get in the cart at once, for by piling in this way we could get two long rides apiece instead of one short one. Five dimes, you see, amounted to 50 cents, the cost of two trips in the donkey cart."

"As we reached the hotel, which I wanted to pass in style, I flicked the donkey over the back with the whip."

"You never saw anything like it! Neddy seemed suddenly turned to stone. Budge he wouldn't, although I yelled and pulled the reins and threatened with the whip. Then I became angry and laid the lash on in good earnest. Neddy lifted his heels like a flash and over went the little cart, sending all of us children into a sand heap. Nobody was hurt, but we were badly frightened. As soon as the cart was empty, the donkey trotted right back to his master, while I had to lead home my little sisters who were crying with fright and whose white dresses had been soiled by the fall."

"When mother heard the story she scolded me for whipping the donkey and said it served me right to be thrown out of the cart."

"She punished me by forbidding me to go with them when she herself later took the other children for a ride. And I've never whipped a donkey or a horse since that day. Neddy taught me better with his heels."

## Quarter Century Ago.

(From Advocate Sept. 29, 1886.)

McAuley and Howard made a great hit at Sells's vaudeville theatre last night in their sketch in which McAuley does his best harp song and dance.

Major A. W. Dennis and wife left this morning via B. and O. for Chicago. Galesburg, Denver and other cities.

Prosecuting Attorney J. M. Swartz is erecting an elegant Queen Anne residence on North Mr. Vernon street. The merchants of East Newark had a big procession and headed by a brass band attended the Fair today.

West Main and Sixth streets in this city.

Early settlers began burying their dead in the property around about the year 1800, and continued to do so up until about 1865, when an ordinance was passed by the city council prohibiting burials there considering that it was unsanitary to continue further burials at the Sixth street property, and the city having acquired possession of Cedar Hill cemetery. In about 1875, the city caused the grave stones to be buried over the graves and some of the bodies were removed by friends of the deceased, but many bodies still remain buried there.

The defendants maintain that the city can only hold the property for cemetery purposes, and that when it ceased to be used as a cemetery that the title reverted to the heirs, who have never dedicated it to the city. This claim is disputed by the city. Defendants ask that the city's claim to any interest in the property be extinguished, and that they be declared to own the property in fee simple according to their respective interests, free from any claim of the city.

The court took the case under advisement, and will announce a decision hereafter.

## CHICKEN PIE WAS SERVED THE VISITORS

Pythian Sisters of Granville Enjoy Visitation to Johnstown—College City News.

Granville, Sept. 20.—A large number of the Pythian Sisters of Archibut Temple, 388, of Granville, including the degree staff and officers and about thirty others, went to Johnstown for the purpose of conferring the degree for White Shield Temple. A splendid chicken-pie supper was served and a number of initiations were had. The members of the Granville team were highly complimented for the excellence of their work and convinced the Johnstown Temple that when it instituted the Granville Temple it builded wiser than it knew. Following the conferring of the degree those present were again invited to the banquet hall at 10:30 o'clock to partake of refreshments. The Johnstown orchestra furnished delightful music during the evening.

Rev. and Mrs. A. Ramsey will spend the winter in Columbus with their daughter, Mrs. W. C. Gray, and will leave here in a few weeks. They go on account of Mrs. Ramsey's health. Mr. Ramsey will be here every week to fill the pulpit of the Episcopal church and to attend to other church duties when called upon. They will return to Granville in the spring.

Mr. and Mrs. Henry D. Thomas of Norwalk, O., who have been visiting in and about Granville for the past several weeks, left for Shawnee Saturday morning, where they will visit their daughter, Mrs. James O'Hara, for a few days.

Miss Minnie Morgan of Granville underwent a successful operation on her throat and nose at St. Clair hospital in Columbus by Dr. G. L. Williams of Columbus and Dr. E. H. Johnston of Alexandria. She is improving slowly. She was accompanied to the hospital by her father and brother.

Granville has the reputation of being one of the strongest lodge towns in the state, and the members of every lodge are full of enthusiasm. It is seldom that a state or district convention of any of the lodges is held but that Granville is represented. For some time past a number of members of the Rebekah lodge of this place have been planning to attend the district meeting of the Daughters of Rebekah, which convened in Fredericktown, on Friday and the result is that Granville has a good representation at the convention. Among those who from this place are in attendance are Mrs. Edward King, Mrs. Jane Evans, Mrs. Eliza Bolin and John DeBow.

Dr. N. W. Good and wife of Columbus have been visiting Mr. C. B. Slack and family during the past week.

Nearly all the Knight Templars in Granville are making their arrangements to accompany the members of St. Luke's Commandery, No. 24, to Dayton on Wednesday, October 11, to attend the State Conclave. The Granville band will accompany the Knights.

Wayland Marlow, who has been visiting his mother here for some time, has returned to his home in Niagara Falls. Mrs. Marlow and son will remain here for some time before returning home.

Mr. Ellis P. Legler, who has been visiting old friends in Granville for the past several days, returned to Dayton Friday, where he is associated in the law practice with Judge McCann, one of the ablest lawyers in Ohio.

Mrs. Ward of Cleveland, and sister, Mrs. Mary Parker Bell of Wichita, Kansas, are in Granville, stopping with Mrs. W. A. Mitchell, at her home on East Broadway. Miss Annette Ward and brother will arrive Saturday. They formerly lived in Granville.

The football game between the Sophomores and the Freshmen Thursday afternoon was won by the Sophomores by a score of 19 to 0. The Sophs also won the tug of war. By winning these two events the Sophs secured a majority of the points and were declared the winners of the rush. It is quite probable that the two classes will now settle down to work.

## PREDICTS THE B. & O. OPERATORS WILL NOT STRIKE

To the Advocate Friday morning a prominent Baltimore and Ohio Railroad operator said that the local operators here had received no notice yet of a strike being declared by all telegraphers. He also said that while there was some strike talk he was of the opinion that all grievances would be patched up and that there would be no strike. He said that committees from the several divisions of the Baltimore and Ohio had been in conference with the officials at Baltimore for some time past but that no definite action had as yet been taken.

## CONVENTION AT UTICA, O.

The Woman's Christian Temperance Union will hold its annual county convention at Utica, O. The opening address will be given on Friday evening, October 6th by Mrs. Emma Spencer Townsend. An all day session will be held on Saturday, Oct. 7, beginning at 9 o'clock. A gold medal contest will be held Saturday evening. All delegates will be entertained by the Utica Union. Let every member in the county be in attendance.

## LEFT \$10,000 TO M. E. MISSIONARY SOCIETY IN WILL

New Lexington, O., Sept. 20.—Under the will of the late Mary E. Nixon, which was opened in probate court yesterday, the trustees of the Foreign Missionary Society of the M. E. church of the Zanesville district, will receive \$10,000 and the interest. The remainder of the estate, excepting several small bequests goes to the Protestant hospital at Columbus for the purpose of endowing a room in memory of the deceased. Miss Annette McCold of Columbus is named as executrix.

## LEFT \$10,000 TO M. E. MISSIONARY SOCIETY IN WILL

The will was executed at Greeley, Colorado, August 9th, three weeks prior to Mrs. Nixon's death. The witnesses are Margaret Babb, Martha Mosier, and John V. Crone, all residents of Greeley. It will be necessary to appoint a commission to take the depositions of witnesses before the instrument is passed upon by the court.

The four brothers and sister of the deceased are entirely ignored by the will with the exception of a \$25.00 bequest to one of them as remuneration for services rendered.

# INFLAMMATION AND PAIN

Cured by Lydia E. Pinkham's Vegetable Compound.

Creston, Iowa.—"I was troubled for a long time with inflammation, pains in my side, sick headaches and nervousness. I had taken so many medicines that I was discouraged and thought I would never get well. A friend told me of Lydia E. Pinkham's Vegetable Compound and it restored me to health. I have no more pain, my nerves are stronger and I can do my own work. Lydia E. Pinkham's Vegetable Compound cured me after everything else had failed, and I recommend it to other suffering women."

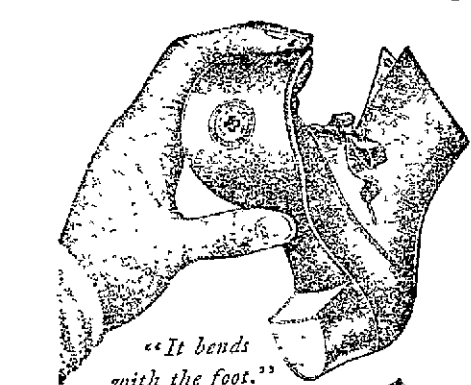

—Mrs. Wm. Seals 605 W. Howard St., Creston, Iowa.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound, which is made exclusively from roots and herbs.

Women who suffer from those distressing ills should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Mrs. Pinkham, at Lynn, Mass. She will treat your letter as strictly confidential. For 20 years she has been helping sick women in this way, free of charge. Don't hesitate—write at once.

## COSHOCKTON MAN SENTENCED FOR SUITCASE THEFT

Charged with stealing a suitcase belonging to Mrs. Matthew Davis, a Newark woman on board a Pennsylvania train Wednesday, Charles Ipe of Coshocton was found guilty in Judge Osborne's court in Columbus, Thursday and sentenced to serve 30 days in the county jail.

Friends of Ipe state that he took the suitcase by mistake and they will ask his release on this ground. It is alleged that he was intoxicated at the time.

According to the story of Union Station Officer Beckett, Mrs. Davis reported the loss of her suitcase and when an investigation was made, the missing luggage was found in a baggage rack over the seat occupied by Ipe on a Pennsylvania train.

## RUN OVER BY B. & O. TRAIN

Zanesville, Sept. 29.—While attempting to board a B. & O. freight train near Cassel's station Thursday morning about 8:30 o'clock Jesse Mason, aged 20 years of this city, night cook at the C. W. Morrison restaurant, was thrown under the wheels of the cars and had both legs cut off. He also received large gashes in the front and back of his head. When discovered a few minutes later by his brother, Wesley, and Roy Smith, both colored, he was unconscious.

His body was placed on a freight train standing on the siding and a hurried run was made to New Concord to secure medical assistance, but the unfortunate man died on the way.

## ANOTHER \$100 SUBSCRIBED FOR NEW HOSPITAL

Trustees Must Raise \$50,000 Within Year in Order to Get New Institution.

Immediately after the publication of Mr. and Mrs. Edward H. Everett's generous offer to the Newark Hospital association of a building site, \$10,000 in securities and 5 per cent of the money to be subscribed for a new hospital, Roland Lodge Knights of Pythias held a meeting and voted to contribute \$100 to the new hospital fund. At a meeting of the Licking lodge of Moose, No. 499, Thursday night, the Moose gave an additional \$100.

By terms of the proposition the sum of \$50,000 must be raised within a year. The subscription of this amount means that Newark will have a first class modern hospital properly equipped and ready to serve the people upon an equal basis. It is a project well worthy of support.

### AMUSEMENTS

#### WHAT THE PRESS AGENT SAYS

**"THE FORTUNE HUNTER."**  
In a sermon on "The Fortune Hunter," during its run in Chicago recently, the Rev. Percival H. Barker, of Maywood congregation said: "This clever comedy is a moral tonic for the youth, as it tells the story of a dejected, hopeless young man who has wasted his treasures in careless and riotous living—slave to cocktails and cigarettes, but transformed into a manly personality. It is a strong, religious person, portraying the regenerating power of a pure, intense love."

"In this age when wedlock is frequently contracted in the spirit of commerce, it is gratifying to see a play where the hero places loyalty above royalty, marries for character, purity of thought, kindness of spirit, holiness of aspiration—love." It is a real pleasure to advise our readers to go and see "The Fortune Hunter" that comedy classic which is scheduled for presentation at the Auditorium Theatre, Saturday, Sept. 30, matinee and night, and it is a real pleasure to chronicle its success. Here is a genuinely amusing comedy, which, while arousing emotions of all that is best in our nature, teaches a moral lesson that people may learn in an atmosphere of absolute enjoyment. Lessons learned while we laugh stick closer sometimes than the other kind, and "The Fortune Hunter" is a shining example of this aphorism. The story of "The Fortune Hunter" is most enjoyable, its theme pure and clean, while its dialogue bristles with entertaining chatter. The stage has rarely seen so honest a play, and if Winchell Smith can continue to teach the virtue of goodness and its value as a guide in communion with our fellow man, he will undoubtedly be hailed as the evangelist of the stage.

#### THE ORPHEUM.

Manager Bassett of the Arcade Orpheum theatre has secured a bill for the last half of this week that should pack the pretty little play house at every performance.

The Five Burns Sisters feature. This is undoubtedly one of the best musical acts on the vaudeville stage today and should be heard by every

CORT & DANE

At the Orpheum in the Arcade This Week, Thursday, Friday and Saturday.

musical lover in the city before their engagement terminates Saturday night. The five sisters have a graceful, refined musical sketch that appeals to the audience which never tires and encore after encore is the result. Manager Bassett at the opening performance Thursday evening had to appeal to the sisters to respond to the last encore as the audience was not satisfied until another number had been given. The Burns sisters are accomplished vocalists and instrumentalists and their sweet voices have a wonderful harmonious blend.

The bill is opened with Jack Davis' manikins and he renders a very clever little skit, giving an imitation of the proposed Johnson-Wells fight. Harry Rose, singer and whistler, pleases with his song hits, one of which is featured with a whistling chorus. Cort and Dane have an excellent Scottish sketch which is admirably done. Their costuming of the act proves that they know every little detail of a Scotchman's wardrobe. The Orpheum picture is above the average.

Those who attend the remaining performances tonight and tomorrow will not be disappointed as the Burns sisters alone are worth more than double the price of admission.

#### THE EARLE STOCK.

Monday at the Auditorium theatre the Earle Stock, a coterie of capable and distinguished actors, will make its debut to the theatre goers of this city in W. I. Robert's Russian melodrama "For Her Sake." The plot contains those attributes that makes success, romantic heart interest, melodramatic pictures of sensational climaxes. The play gives a good picture of the conditions in Russia under the Czar. The coercion of the brutal officials; the plot of nihilists; the heroism of the sons and daughters of Russia and the American who is always free of speech and ready with quick action and noble deed. The four acts are mounted with special scenery direct from Schell's Scenic Studio, Columbus, Ohio, and has the air of a two dollar attraction. Ladies tickets will be issued for Monday night under usual conditions.

Methodist Episcopal denominations. The speaker told of the wonderful work accomplished by the educational factors and of the help given needy students.

The time was given over after Dr. Crawford's address to Dr. E. C. Clemans of Chicago, secretary of the Board of Claimants. Dr. Clemans told of the vast amount of money expended for the benefit of ministers and urged the active and prosperous ministers to kindly and timely remember their less fortunate brethren and aid them through the Board of Claimants.

The afternoon was first given to the Anniversary Board of Education, but the conference met at 1:30 to hear the first ballot read which elected four delegates to the National General Conference at Minneapolis. This left two other delegates to be elected, and another ballot was cast, which was read at 7:15 Thursday evening, and elected but one man, Rev. J. C. Arbuckle, of Columbus, superintendent of the Lancaster district. One hundred and sixty-three ballots were cast, two

being defective, making \$2 necessary for a choice. Rev. Mr. Arbuckle received \$7 votes, making him the fifth member of the delegation and another vote was cast immediately. The ballot cast Thursday evening was read by the bishop at the opening of the conference business Friday morning but no election was secured.

**Thursday Evening.**

One of the strongest lectures ever delivered before a Newark audience formed the Thursday evening feature of the Ohio Conference, now in session at the First Methodist church. The speaker invited by general request for this leading program of the week was the Rev. Francis J. McConnell, D. D., LL.D., president of De Pauw University. Besides his brilliant record as a preacher and teacher, Dr. McConnell is universally regarded as one of the brainiest scholars and theologians of the country. Young in years, he has not only won an enviable place in college life, but occupies also a foremost position in the Methodist Episcopal church, being universally considered one of the coming great men of that powerful denomination. Dr. McConnell was introduced by Mr. O. J. Barnes, principal of the Newark High school, who announced his subject for the evening, "Getting Things Into Shape."

Dr. McConnell opened his theme with the suggestion that invention, so called, is simply a changing of the form of material in order to add to its possibilities and effectiveness. A grand piece of architecture is wonderfully arranged, not for beauty alone, but for utility. Such a truth enters into our lives—we must arrange the material given us, not for beauty, not for aesthetic ends alone, but for use in the world.

In the matter of English, two men may have the same words at their disposal, with widely different results. A large part of failure in English usage is a lack of skill in turning things around. Many "stick" sermons need only re-arrangement of material to make them into keen arrows, winged for the mark, if given the right impress.

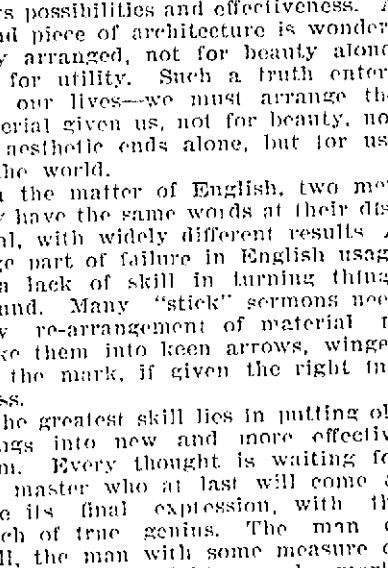

The greatest skill lies in putting old things into new and more effective form. Every thought is waiting for the master who at last will come to give its final expression, with the touch of true genius. The man of skill, the man with some measure or power, moves straight toward a mark; the plain, blunt man is the one who does not know how to speak straight on.

The power of imagination is only a power in hands that know how to con-

**Finding Excuses For Not Working**

"In nearly every case," says a prominent physician, "when a man or woman loses the will to work it is because the power to work is gone. This nervous condition may be due to stomach trouble, overwork or impure blood, but whatever the cause there are certain medicines which are known to restore nervous energy and the clearness of the blood stream in a remarkable way. These when combined, as in Make-Man Tablets, have produced amazing transformations in a short time in run-down men and women.

If you feel weak and lazy, nervous and irritable, can't sleep, have touches of Rheumatism, Kidney or Liver Trouble, Make-Man Tablets are what you need. A free trial sent on request by Make-Man Tablet Co., Dept. 11, Chicago. Sold at \$6 and recommended by Evans Drug Store, Warden Hotel Block.

**New Tuberculosis Remedy Based on Medicine**

To say that a specific exists for the cure of Consumption is, perhaps, a bold statement, but in Beckman's Alternative we have a medicine that has been the means of saving many young men from a life of suffering and in permanently curing a large number of Consumptives.

Certainly a person afflicted with a wasting disease, showing the signs of Consumption, needs a food that is rich in nourishment, and that is easy to digest. Beckman's Alternative is a food for many, but a producer of biliousness for some.

Any diet that keeps a Consumptive well nourished is the right one, but what is going to cure the patient?—Beckman's Alternative. Buy carefully and be cured. Many a case of Consumption. Let those speak who know. Here is a specimen:

"I, Savannah, St. Roches, N. Y., 'Gentlemen: On June 3, 1907, I was operated upon for Tubercular peritonitis at St. Mary's Hospital, Rochester, N. Y. After the operation my physician gave me up as hopeless. I was then urged by a priest to take Beckman's Alternative, which I did. My weight at the time was 75 lbs. I began to improve and steadily gained in health and strength. I now weigh 125 lbs. and am absolutely cured. Believing I owe it to myself and others I make this statement."

(Signed, A. H. HARRIS, ELDER, BAPTIST CHURCH, BRONX, N. Y.)

Beckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet of cured cases and write to Beckman Laboratories, Philadelphia, Pa., for more evidence. For sale by all leading druggists and Luman & Son, druggists, Newark, N. J.

### WALTER L. FLORY

Argues Cleveland Municipal Judge Case in Supreme Court—He Drafted the Bill.

Columbus, Ohio, Sept. 29.—The case to determine whether or not candidates for municipal judges in Cleveland may run as independent candidates was presented to the Supreme Court yesterday.

Those appearing for F. B. Gott, who is mandamusing the election officials to put his name on an independent ticket, were Walter L. Flory, A. A. Stearns, D. E. Green and D. H. Tilden.

Opposing the suit are Attorney-General Hogan and Assistant Attorney-General Magee. Mr. Flory who is a bright young lawyer of the firm of Thompson, Hine and Flory, of Cleveland, formerly lived in Newark. Mr. Flory drafted the bill for municipal judges and many people in that city urged him to be a candidate for judge but he declined, preferring to continue in the practice of law.

**Chemical Misnomers.**  
"Copperas" is a conspicuous example of chemical misnomers, being sulphate of iron, not copper. Another is "salt of lemon," which has nothing whatever to do with the fruit of the lemon tree, but is potassium binoxalate or potash treated with oxalic acid.
